MEMORANDUM FOR ALL MEMBERS OF THE USUHS BRIGADE

SUBJECT: Policy on Medical Profiles

The following procedures will be taken by all military personnel assigned to USUHS after receiving any type of medical profile (temporary or permanent), light duty chit, or diagnosis that will affect military requirements.

- a. Upon receipt of any light duty or medical profile, the service member will take a copy to the Military Personnel Office (MILPO). MILPO personnel will file the copy.
- b. If this profile affects the service member's ability to perform the Navy Physical Readiness Test (PRT), Army Physical Fitness Test (APFT), Air Force Cycle Ergometry (AFCE) Evaluation, or his/her ability to meet service specific height and weight standards, the following must occur:
 - (1) Service member will provide a copy of his/her completed profile to the Brigade Operations Office (C1080).
 - (2) Brigade Operations will deliver the profile to one of the Brigade Surgeons for review.
 - (3) The Brigade Surgeon will determine the validity of the profile based upon their evaluation of the individual's medical records.
 - (4) ONLY when the Brigade Surgeon has signed the letter of review will the service member be exempt from the APFT/PRT/AFCE.
 - (5) It is the responsibility of the service member to complete this process. Failure to complete the APFT/PRT/AFCE is cause for punitive action.

TANIS M. BATSEL STEWART
CAPT, MC, USN
Brigade Commander
