## Graduate Student Council

### Minutes

6 February 2007

1 **Present:** M. Colacicco, B. Swierczewski, J. Henriques, P. High, B. Morrison, R. Osborn,  
2 J. Wu

3

4 **Meeting Commences:** 1205

5

6 Minutes from January 2007 meeting were unanimously approved.

7

8 Agenda for February 2007 meeting was updated by P.High and approved.

9

#### 10 **I. President's Report**

11 A. GEC Meeting in January

12

1. discussed open house

13

2. P. High will send email with updates from GEC meeting

14

3. P. High reports that GEC members denied request for extra  
funding for open house dinner

15

16

#### 17 **II. Old Business**

18

19 A. Open House updates

20

1. Ticket only event. Students will pick up tickets at GEO.

21

2. P. High distributed list of Open House invitees and their status (staying with  
student/hotel, etc.).

22

23 3. Dinner for Open house to be held at Bertucci's in White Flint Mall Feb 25<sup>th</sup>  
7:00pm. E-mail confirming reservation can be found as Attachment A.

24

25 4. P. High will distribute weekly updated open house list via email

26

5. Prospective students need to have a POC at USU. Each GSC member will  
assign POC's for their incoming students and email the information to P.High.

27

28

a. POC's need to contact students prior to open house dinner.

29

b. POC's should pick up students from Navy Lodge and take them to  
dinner.

30

c. POC's should walk students to 1<sup>st</sup> interview and meet them at end of  
the day.

31

32

6. P. High will send prospective student travel arrangements ASAP.

33

7. Multiple e-mails have been sent to current and prospective students regarding

34

Open House. E-mails sent to students are listed below and are attached to minutes.

35

a. USU Open House Housing Options (Attachment B)

36

b. Open House Dinner – Current Students (Attachment C)

37

*Learning to Care for Those in Harm's Way*

- 38 c. Open House Luncheon – Current Students (Attachment D)  
39 7. GSC members should arrive at open house dinner NLT 6:30pm.  
40 8. Dinner capped at 100 people.  
41 9. J. Henriques volunteered to speak at Open House to describe student life at  
42 USU  
43 10. GSC unanimously votes that faculty should not give research talks at open  
44 house and there should not be any lunch presentation.  
45 11. Dr. Metcalf is not finished with itinerary yet. Once it is finished, P. High will  
46 send it to the GSC when he is provided a copy.  
47 12. Students needed for tours: J. Henriques, B. Swierczewski, J. Wu (2 students  
48 from her dept), & B. Morrison volunteered.  
49  
50 B. Spouse's club  
51 1. P. High reports that the club is open to all students, not just medical students.  
52 2. M. Colacicco states that spouse's club is helpful.  
53 3. GSC decides to ask Melissa Martin to speak briefly at open house about  
54 spouse's club and to attend lunch.  
55  
56 C. Winter Newsletter  
57 1. Newsletter can be found as Attachment E.  
58  
59 **III. New Business**  
60  
61 A. Oversight Committee for the School of Medicine Research  
62 and Education Endowment Thank You letter  
63 1. J. Henriques created letter, reviewed by GSC for comments/changes and final  
64 version printed on letterhead  
65 2. Letter was unanimously approved and signed by GSC members.  
66 3. Letter is attached. (Attachment F)  
67  
68 B. Cinda Helke Award  
69 1. Nominations for the Award are undisclosed.  
70 2. Awardee was unanimously approved and will be made public at the  
71 beginning of the Oral Presentation session of Research Week.  
72  
73 C. Career Fair  
74 1. B. Morrison met with Dr. Metcalf.  
75 2. GEO does not want to plan career day, but will provide funds to GSC  
76 3. Discussion about attendance- concern about the costs and benefits of putting  
77 on career day — a lot of work, possible low attendance  
78 4. B. Morrison will chair Career day activities  
79 5. Unanimous vote in favor of putting on career day Monday of research week  
80 6. GSC members to email B. Morrison with information on who we will contact  
81 to speak at career day.  
82

83 **Reminder:** Secretary for February will be Path. The next scheduled meeting is 6 March  
84 2007 at 1200.  
85  
86 **Meeting adjourned 1306**

**From:** "White Flint Mall-113" <bert113@bertuccis.com>  
**To:** "Patrick High" <phigh@usuhs.mil>  
**Date:** 1/19/2007 3:55:34 PM  
**Subject:** RE: Party reservation, 25 Feb., 100 people

Patrick,

We will definitely take the party for 100 people @ 7pm on Sunday February 25th, however some prices have changed since last year and that will effect the price sheet that you sent over from a prior year.

1. We can still do the \$13.00 per head (Normally \$18.00 per head with the plan you have), and it will include soft drinks, coffee, tea, our insalatas (house salad) and Caesar salads, a variety of pizza (not including seafood), and our basic pastas (pastas with our different sauces and a variety of chicken pasta dishes). Everything is unlimited. Price \$1300.

2. Since you have more people than last year, I might recommend getting a couple extra trilogies. Last year you had 23, this year I would recommend 26-27 for the amount of people you would have coming. \$8.50 /desert trilogy. Price - \$221.00 - 229.50.

3. A service charge of 18% will be added to the check. Price - \$275.31.

4. Maryland Tax is same @ 5%. Price - \$76.48.

Therefore the total for the check will be \$1881.29

Again, this price will not include items like juice, alcohol, other deserts and any other meal items that were not offered on the included menu. You will also be charged more for additional guests that arrive.

If you have any questions, please feel free to call. Thanks  
Tim Keegan

To: White Flint Mall-113  
Subject: Party reservation, 25 Feb., 100 people

Dear Tim,

I spoke with you Wednesday night regarding our party reservation for Sunday, 25 February at 7pm for approximately 100 people. Attached you should find a copy of the menu items that we have purchased the previous two years that we have held our part at Bertucci's. Could you please review the menu items and provide me with an update on the costs for the items and an overall cost for the entire dinner?

This dinner is for Prospective Students who will be interviewing the following day for potential acceptance to our University. To help facilitate the food ordering and staffing, I will provide a general estimate of the dinner attendees, two weeks before the dinner. Once the reservations have been made, and the date draws near, I would appreciate it if the different department/programs interviewing students be able to sit together, as much as possible, to better enhance their experience. To that end, I will provide the numbers for each program to help you with setting up seating arrangements once those numbers are firmed up,

nearer the date of the dinner.

Thank you for your interest in working with us and providing space for this large event. I look forward to working with you between now and the night of our dinner.

Sincerely,  
Patrick High

**Subject:** Uniformed Services University Open House

Dear Prospective Students,

I wanted to take this opportunity to introduce myself and let you know that I am President of the Graduate Student Council (GSC) here at Uniformed Services University. I want to congratulate you on your invitation and welcome you to USU's Open House on February, 25th and 26th.

Several of you have already RSVP'd regarding your intention to attend the Open House. To better serve each of you, I wanted to let everyone know that you may have the option to stay with a current student or stay in a hotel. Please send me an e-mail on what your housing preference is as this will help the Graduate Education Office and the members of the GSC to place prospective students with current students. Please e-mail me this information at your earliest convenience. The earlier you respond the better chances you will have of receiving your preference.

I look forward to meeting each of you at Open House.

If you have any questions, feel free to contact me.

Sincerely,

Patrick M. High, MPH  
President  
Graduate Student Council

**Date:** 2/1/2007 3:11:49 PM  
**Subject:** Open House Dinner - 25 Feb, 7pm - Bertucci's, White Flint Mall

Dear Graduate Students,

This year's Open House is scheduled for Monday, 26 February and it is fast approaching. On Sunday, 25 February, the Graduate Student Council will be hosting a dinner for prospective and current students. Like last year, the dinner will be held at 7pm at Bertucci's in White Flint Mall.

Due to a limited budget and space considerations, the number of attendees has been capped. As such, this year we have instituted a new policy. You **MUST** RSVP to your department/program representative, or me, **BEFORE** 11 February. (Any reservations after 11 February will be handled on a space available basis only.) Once you have RSVP'd you also **MUST** pick up a dinner ticket from the Graduate Education Office. If you do not RSVP or have a ticket for the dinner you will be responsible for paying for the dinner on your own and you may be unable to sit with your department/program because of space limitations. Feel free to bring your significant other to the dinner, but their meal must be paid for separately.

If you have any questions regarding this policy, feel free to e-mail me and I will further clarify.

Department/program representatives are listed below;

EID - Brett Swierczewski  
PAT - Bethanie Morrison (bmorrison@usuhs.mil)  
MCB - Julie Wu (jwu@usuhs.mil)  
NES - Jeremy Henriques (jhenriques@usuhs.mil)  
MPS - Robyn Osborn (rosborn@usuhs.mil)  
PMB - Michelle Colacicco (mcolacicco@usuhs.mil)

Sincerely,

Patrick M. High  
GSC President

**From:** Patrick High  
**To:** dl-graduate\_students@usuhs.mil  
**Date:** 2/2/2007 9:57:46 AM  
**Subject:** Open House Luncheon - 26 Feb, 1130 - 1300, Small Dining Room

Dear Graduate Students,

Please RSVP for the Open House Luncheon no later than 11 February as this will help the GEO better coordinate food and supplies. You may RSVP through your department/program representative, or me by the deadline.

Department/program representatives are listed below;

EID - Brett Swierczewski

PAT - Bethanie Morrison (bmorrison@usuhs.mil)

MCB - Julie Wu (jwu@usuhs.mil)

NES - Jeremy Henriques (jhenriques@usuhs.mil)

MPS - Robyn Osborn (rosborn@usuhs.mil)

PMB - Michelle Colacicco (mcolacicco@usuhs.mil)

Sincerely,

Patrick M. High  
GSC President

updates!

### Inside This Issue

New Faculty	2
Spotlight Is On You	2
Emma Bockman Award	3
Creative Funding	4
Dissertations	6
Career Day Plea	7
Schedule of Events	7
GSC	8

With this New Year upon us, I would like to share with you the most recent actions of the Graduate Student Council (GSC). The GSC initiated a monthly bowling happy hour to build community among USU graduate students. Many of these happy hours have been a hit, so please remember that we will continue to hold our monthly bowling happy hours from 4 to 6pm at the National Naval Bowling Center. These happy hours will continue on the last Friday of each month, through April, unless a conflict arises. The GSC also held a bake sale in November and raised \$150 for the Graduate Education Fund that helps finance graduate student activities. I would like to thank everyone who contributed time, money and/or baked goods for the bake sale. Your help is greatly appreciated. The GSC may hold another bake sale during the Spring Quarter so please stay tuned for more information. Finally, the GSC hosted a Holiday Bowling Party at NNMC Bowling Center. This has become an annual event and we look forward to increased participation. Thank you to all who participated in this year's festivities.

In other news, and of vast importance, **Dr. Metcalf, our Associate Dean of Graduate Education, was able to secure health insurance for civilian graduate students!** Along with the implementation of a health insurance program for graduate students, which will commence in the fall of 2007, a major tax inconvenience that students have faced will also be resolved. Taxes will be withheld from the stipend of all student contractors, thereby lessening the burden of having to pay estimated taxes, or getting hit with a large tax bill at the end of the year. This is great news for everyone and I would personally like to thank Dr. Metcalf for her hard work in securing this program for USU graduate students. In addition to the help this program will give current students, the contractor program will also be an attractive incentive for future students who may decide to join the student body here at USU.

In mentioning future students, I would like to remind the SOM Graduate Students that Open House is fast approaching (27 February). Because of this, the GSC is in need of students from each

willing department/program to host prospective students. If you would like to be a host, please e-mail your student representative or myself. As before, the departments/programs will be having dinner together the Sunday night before Open House (26 February). More information will be distributed via e-mail as the date approaches.

In closing, I would like to take a moment to wish everyone a Happy New Year. May your class work and/or research work be fruitful. May this year not only meet, but exceed, your expectations not only here at the university but in your daily life.

Good Luck,

Patrick M. High, MPH  
GSC President  
[phigh@usuhs.mil](mailto:phigh@usuhs.mil)

## MPS AND PMB WELCOME NEW FACULTY

The graduate students of the Medical and Clinical Psychology Program and students of the Preventive Medicine and Biometrics Program, along with the rest of the USU graduate student body, would like to extend a warm welcome to their new faculty! We welcome you with open and eager minds and would like to wish you the best of luck for a successful career here at USU!

## THE SPOTLIGHT IS ON YOU!!

The following USU graduate students have had a successful quarter in the public eye! Congratulations to you all!

### Publications

#### **Joseph Novak, Dept. of Pathology**

As part of a joint project between the Marine Mammal Center, UC Davis School of Veterinary Medicine, and the Armed Forces Institute of Pathology (AFIP), Joe has published a paper in the *Journal of Wildlife Diseases* entitled, "Infection with a novel herpesvirus in northern elephant seals (*Mirounga angustirostris*)."  
(Goldstein et al., Vol 42, No. 4, October 2006)

### Guest Speaker Invitations

#### **John Trentini, Neuroscience (MD/PhD) Program**

John Trentini had previously published a paper in 2005 on the antinociceptive effects of acupressure in rats. For this paper, he had created a novel model for experimenting with acupressure in rats. He has been invited to speak on this topic at the Assessment and Treatment of Pain and Distress conference, which is being held in Boston, Mass in February. The title of his talk is, "Traditional Healing Techniques in the Modern Laboratory: The Analgesic Effect of Acupressure and Acupuncture in Animal Models."

### Poster Presentations

3 posters from the Medical and Clinical Psychology Program

*The International Psycho-oncology Society (IPOS) 8th World Congress in Venice Italy*

"Depressive Symptoms and Cognitive Limitations in Brain Tumor Survivors" **Liseth C. Calvio, Michael Feuerstein, Jennifer A. Hansen, Leigh G. Johnson, Jonne G. Ronquillo**

"Work productivity in brain tumor survivors: An emerging occupational health challenge" **Michael Feuerstein, Jennifer A. Hansen, Liseth C. Calvio, Leigh G. Johnson, Jonne G. Ronquillo**

*APA 2006 in NOLA*

"Factors Affecting Cognitive Limitations in Brain Tumor Survivors" **Liseth C. Calvio, Michael Feuerstein, Jennifer A. Hansen, Leigh G. Johnson, Jonne G. Ronquillo**

*Have you published, been asked to speak at a conference or presented posters and would like to be recognized? Please let us know! Contact your program representatives today!*

*“Only the curious will learn and only the resolute will overcome the obstacles to learning. The quest quotient has always excited me more than the intelligence quotient.”*  
~Edmund S. Wilson

*“Nature's laws govern which things can be done, and which can't. The trouble is, when we set out to do something, we don't always know which of these categories it's in.”*  
~Donald Simanek

## EMMA L. BOCKMAN MEMORIAL AWARD 2007 GRADUATE STUDENT COMPETITION CALL FOR APPLICATIONS

Deadline: 23 March 2007

The Emma L. Bockman Memorial Fund was established in honor of the late Dr. Emma L. Bockman, an Associate Professor of Physiology at the Uniformed Services University from 1978 to 1985. Dr. Bockman's exceptional abilities as an educator and researcher were recognized both within the University and in the scientific community. Her dedication to teaching was felt by all that were fortunate enough to experience her Socratic methods. In her memory, the Emma L. Bockman Memorial Fund established an annual award that keeps her academic ideals and search for knowledge alive.

An award of \$750 will be given to a USUHS graduate student who best represents the ideals that were held by Dr. Bockman. The recipient of the award is selected competitively based upon the applicant's abstract of research proposed, completed, or in progress and academic performance and community service.

The Emma L. Bockman Award is intended to support scholarly endeavors that enhance the recipient's scientific career and may be used for such purposes that include purchase of supplies for a collaborative research project, payment of tuition for a special course to enhance the individual's scholarly capability, provide travel to a relevant scientific meeting or conference, or purchase equipment, books, or computer programs to support a scholarly effort.

To apply, a student should submit an abstract of 750 words or less briefly outlining a research project completed or in progress. The abstract must conform to the following format: Objective(s), Methods, Results, and Discussion. Alternatively, the abstract could describe an interesting research problem or proposal for scholarly activity to be performed, with a review of the relevant literature. The application must contain a statement of how the awardee will use the \$750 to enhance his or her academic career. The applicant must also supply USUHS transcripts, a curriculum vitae and a confidential letter from one faculty sponsor outlining faculty support and guidance and the student's scholarly ability, integrity, and contributions to the University. All application materials must be received by Dr. Tim O'Neill, Department of Pediatrics, Room C1069B, no later than 23 March 2007.

For further information contact Dr. Tim O'Neill.

## CREATIVE FUNDING BY JULIE A. WU

Money. Everyone wants it and there never seems to be enough to go around, especially when you are a graduate student. Working on your Ph.D in the sciences is an often appreciated but underpaid job. USUHS is great in that it pays you for the first few years of school, but what happens after that? For many students, the answer to that question is, “my PI will pick up my stipend.” For the fortunate ones their

PIs will fund their degree ambitions. What happens if your dream thesis project comes from a lab where there is no funding? What if you want to create your own project? What if you just want the experience of applying for your own grant—and all the headaches and potential prestige that come with it? All of your funding dreams can come true if you just know where to look.

*“Working on your Ph.D. in the sciences is an often appreciated but underpaid job.”*

## NATIONAL SCIENCE FOUNDATION GRADUATE RESEARCH FELLOWSHIP PROGRAM

For many students hunting for outside funding, the first stop is the NIH grants website. If you are a first or even second-year student, however, I would not start my search there. Did you know that the National Science Foundation (NSF) awards fellowships to new graduate students each year? The award is part of the NSF’s Graduate Research Fellowship Program (GRFP) and is geared toward students at the beginning

of their research training careers. An annual stipend of about \$30K over a three- to five-year period, including a one-time \$1000 travel award, is given to the winners in six different areas of research. The competition is fierce; your application will be in the running with those from college seniors as well as current graduate students from across the US. Keep in mind the NSF is really interested in your potential as a

future scientist, so you do not have to submit a CV that is 50 pages long or have years and years of experience to apply for this fellowship. Applications are due in late fall each year, so it might behoove you to think about applying soon if you are a first-year student.

Name: NSF GRFP  
 Website: [http://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=6201&org=NSF](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=6201&org=NSF)  
 2007 stipends: \$30,000  
 Additional award: \$1,000 one-time travel award  
 Length of funding: 3-5 years  
 Application deadline: November

## RUTH L. KIRSCHSTEIN NATIONAL RESEARCH SERVICE AWARD

Name: NIH NRSA  
 Website: <http://grants1.nih.gov/grants/index.cfm>  
 Sponsoring institutes: NIA, NIAA, NIBIB, NIDCD, NIDA, NIMH, NINDS, & ODS  
 2006 stipends: \$20,772  
 Educational Expenses: \$3,100  
 Length of funding: 3-5 yrs.  
 Application deadline: rolling

A second significant funding opportunity is the Ruth L. Kirschstein National Research Service Award (NRSA) for predoctoral students. If you receive NIH funding as a student it will not only help you (and your PI) monetarily but will also gain you NIH recognition before you have your own

lab. Keep in mind that the NIH standards in terms of the stipend is lower (~\$20K) than what USUHS currently pays (~\$24K). Your stipend can be supplemented by your PI, but you should not necessarily rely on their monetary support. Recipients of the NRSA also receive about \$3000 for education

costs and incidentals (i.e., health insurance and travel money). Applications for the NRSA are accepted throughout the year.

## CREATIVE FUNDING CONT. FROM P. 2

INTRAMURAL FELLOWSHIPS  
USUHS "TO" GRANT

Each year USUHS awards in-house grants. These are available to matriculated students only. One is a small "TO" grant where the maximum award is \$2500. The TO grant is offered in the fall and students can apply for this grant for two years. This money basi-

cally covers the cost of lab supplies, but it is money that you have the power to use for your particular project. This is not your advisor's money. The application process is fairly simple and everyone who is eligible should apply.

## HENRY M. JACKSON FOUNDATION AWARDS

The second intramural fellowship is awarded by the Henry M. Jackson (HMJ) Foundation. HMJ gives out three awards each year, two Henry Jackson Fellowships and one Val G. Hemming Fellowship. The stipend

amount is \$25K for one year with a \$1000 travel award. Any student who has passed their qualifying exams and whose USUHS support has terminated can apply for these fellowships. In the past the most senior students who com-

Name: TO Grant  
Application form: USUHS Form 3202  
Award amount: max \$2,500  
Length of funding: 2 yrs.  
Application deadline: October

Name: Henry M. Jackson Foundation Fellowships & Val G. Hemming Fellowship  
2006 award amount: \$25,000  
Additional award: \$1,000 travel award  
Length of funding: 1 yr.  
Application deadline: August  
Prerequisites: advancement to candidacy and termination of USUHS-supported stipend

pete (those in their fourth year or above) receive the awards, but this is not a hard and fast rule. Applications are due in late summer and funding begins at the start of the school year.

## OTHER CREATIVE FUNDING RESOURCES

Name: AHRQ Grants for Health Services Research Dissertation (R36)

Website: <http://grants.nih.gov/grants/guide/pa-files/par-06-118.html>

Sponsoring agency: NIH Department of Health and Human Services Agency for Healthcare Research and Quality

2006 Stipends: max \$35,000

Length of funding: no less than 9 months and no more than 17 months

Application deadline: rolling

Name: National Defense Science and Engineering Graduate Fellowship

Website: <http://www.asee.org/ndseg>

Sponsoring DoD agencies: Army Research Office; Office of Naval Research; Air Force Office of Scientific Research

Award amount: \$30,500 (year 1); \$31,000 (year 2); \$31,500 (year 3)

Length of funding: 3 yrs.

Application deadline: January

Websites to check out:

FastWeb: <http://www.FastWeb.com>

**Mark Sercovich**, Molecular and Cell Biology Program

Thesis Title: "Human Immunodeficiency Virus Type 1 (HIV-1) Viral Protein R (Vpr)-Mediated Cell Cycle Arrest: An Analysis of Current Mechanistic Models"

Advisor: Chou-Zen Giam, Ph.D.

DOCTOR OF PHILOSOPHY

**Kathleen Daddario-DiCaprio**, Department of Pathology (January 19, 2007)

Thesis Title: "Evaluation of the Protective Efficacy of Recombinant Vesicular Stomatitis Virus Vectors Against Marburg Hemorrhagic fever in Nonhuman Primate Models"

Advisor: Elliott Kagan, Ph.D.

**Ardath Grills**, Emerging Infectious Diseases Program

Thesis Title: "The Complexity of *Plasmodium falciparum* Infections in Children in Western Kenya"

Advisor: Ann Stewart, DVM, Ph.D.

**Erika Lamb**, Emerging Infectious Diseases Program

Thesis Title: "Blood Fluke Exploitation of Innate-Adaptive Immune Interactions to Facilitate Parasite Development"

Advisor: Stephen Davies, Ph.D.

*We know very little,  
and yet it is  
astonishing that we  
know so much, and  
still more  
astonishing that so  
little knowledge can  
give us so much  
power.*

*~Bertrand Russell*

## USU Career Day WE NEED YOUR HELP!!!

What do you want to be when you grow up? What might help you along the way? The USU Graduate Education Office would like your help in planning a successful Career Day this year. This is being held to benefit us, the graduate students, so please take a moment to consider the following questions and please *email your answers to Bethanie Morrison at [bmorrison@usuhs.mil](mailto:bmorrison@usuhs.mil) ASAP*. Please help us to make Career Day 2007 a huge success!!!

1. Upon completion of your MS or Ph.D, are you planning on pursuing a traditional academic career? If not, what are your tentative plans?
2. Are you planning on pursuing a postdoctoral fellowship upon receipt of your Ph.D?
3. Would you benefit from listening to speakers discuss alternative careers away from the ivory tower such as patent law or science policy?
4. What would YOU really like to learn about at career day?

### SCHEDULE OF UPCOMING EVENTS

**January 26th:** 4-6pm, GSC Monthly Happy Hour, NNMC Bowling Alley  
**January 29th:** Spring Quarter Registration Begins  
**February 16th:** Winter Quarter Ends  
**February 19th:** President's Day (holiday)  
**February 23rd:** 4-6pm, GSC Monthly Happy Hour, NNMC Bowling Alley  
**February 25th:** Open House Graduate Student Dinner with Prospective Students, time and place TBA  
**February 26th:** OPEN HOUSE, more details TBA  
**March 17th:** Spring Recess Begins  
**March 30th:** 4-6pm, GSC Monthly Happy Hour, NNMC Bowling Alley

*..people today are so accustomed to pretentious nonsense that they see nothing amiss in reading without understanding, and many of them at length discover that they can without difficulty write in like manner themselves and win applause for it. And so it perpetuates itself.*

~G.A. Wells

*USUHS Graduate Student Newsletter  
2006-2007*

Editor-in-Chief :  
Bethanie L. Morrison

Julie A. Wu  
Patrick M. High  
Bethanie L. Morrison  
Lisa Schwartz, Ph.D  
J. Timothy O'Neill, Ph.D

Interested in contributing to your graduate student newsletter? We're very interested in hearing from you! Please email Bethanie Morrison at [bmorrison@usuhs.mil](mailto:bmorrison@usuhs.mil) with any ideas, comments, or questions. Thank you!

*"The graduate programs in biomedical sciences and public health in the USU School of Medicine are committed to excellence in the didactic and research training of masters and doctoral degree students. We believe graduate students comprise important and integral components of the academic mission and scholarly environment of USU." "Our graduates are prepared for productive and rewarding careers in many areas of the biomedical sciences and public health. USU graduates serve the nation in public service, create new knowledge, train the next generation of scientists, and/or contribute to the advancement of health and science in both public and private positions."*

## 2006-2007 GRADUATE STUDENT COUNCIL

### Meet your 2006-2007 Graduate Student Council!

**Michelle Colacicco, M.S. (Preventive Medicine and Biometrics representative)**  
**Jeremy Henriques (Neuroscience representative)**  
**Patrick High, MPH (GSC President)**  
**Bethanie Morrison (Pathology representative)**

**Robyn Osborn, M.A., M.S. (Medical and Clinical Psychology representative)**  
**Brett Swierczewski (Emerging Infectious Diseases representative)**  
**Julie Wu (Molecular and Cellular Biology representative)**

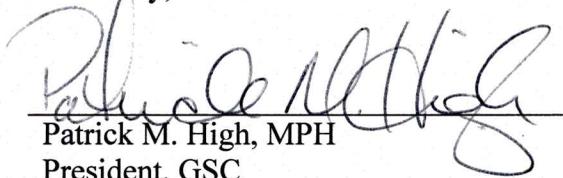

**MEMO**

**TO:** Dr. Larry Laughlin, Chair, Oversight Committee for the School of Medicine Research and Education Endowment  
**FROM:** Graduate Student Council (GSC)  
**RE:** Graduate Student Health Insurance  
**DATE:** 6 February 2007

We, the Graduate Student Council of USUHS, would like to extend our utmost appreciation for all of the work that has been done on the issue of graduate student health insurance. We are aware that this has been a long-standing concern for the administration as well as the students and are happy to see some movement toward a definitive strategy for obtaining health insurance for all of the civilian graduate students. While we recognize that there is still much to be done, we do not want to hesitate in sending along both our gratitude and our offer of support. If you, or anyone involved, need the graduate students or the GSC in any capacity, we welcome the opportunity to help the process along to its resolution.

On behalf of the entire student body, we thank you again for your efforts to improve the quality of student life here at USUHS.

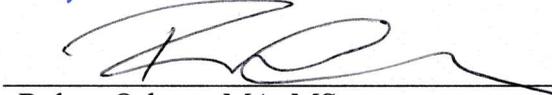

Sincerely,

  
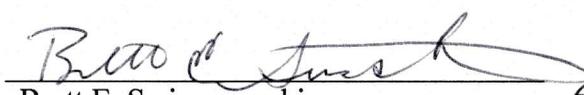

Patrick M. High, MPH  
President, GSC

  
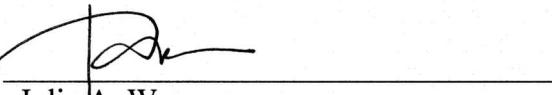

Michelle Colaccio, MS, CPT, USA  
PMB Representative, GSC

  
Jeremy Henriques  
NES Representative, GSC

  
Bethanie Morrison  
PATH Representative, GSC

  
Robyn Osborn, MA, MS  
MPS Representative, GSC

  
Brett E. Swierczewski  
EID Representative, GSC

  
Julie A. Wu  
MCB Representative, GSC
