

Uniformed Services University of the Health Sciences
Molecular and Cell Biology Graduate Program
4301 Jones Bridge Road, Bethesda, MD 20814

COURSE SCHEDULE FOR CELL BIOLOGY I & II (MCB 507/508)

COURSE DIRECTOR	DANIEL TERBUSH, PH.D Telephone: 301-295-9415
TEXTBOOK	<i>Molecular Biology of the Cell</i> , 3rd ed. (Alberts et al.). Three copies of Alberts will be placed on reserve in the LRC and one additional copy is available for checkout. If you wish to purchase the book, go to this Web site and purchase it direct: http://www.garlandpub.com/
EXAMS	The format for the exams is short essay. For each lecture given the instructor will write 2 questions. The students must answer one of the two for each lecture. The questions should be written in such a way that they can be answered in 20 min. I would like to request that the exam questions be submitted to me by E-mail at least <u>one week</u> in advance of the test dates so that I have enough time to proofread, collate and duplicate them.
GRADING	For MCB 507 there are 2 exams that each count 50% of the grade. For MCB 508 there are 2 exams that each count 40% and a student presentation that counts 20%. Further grading information will be distributed on 1/3.
CLASSROOM	All lectures will be given in room A2054. Please consult the schedule for the individual times of the lectures because they vary somewhat until the week of Jan. 22nd.
STUDENTS	There are 18 total students in the class.
