

Option C – Submit a Fifth Traditional Write-up

If none of the other options are interesting to you, you may submit a fifth traditional write-up similar to the initial four write-ups you will submit in weeks 2, 3, 4, and 5. The clerkship handbook, which may be found here: <http://www.usuhs.mil/med/clerkship/> has extensive instructions on written work and requirements for submitting a write-up to your preceptor.
