

Curriculum Vitae

MICHAEL FEUERSTEIN

Uniformed Services University of the Health Sciences
 F. Edward Hébert School of Medicine
 Department of Medical and Clinical Psychology
 4301 Jones Bridge Road
 Bethesda, Maryland 20814-4799
 Ph: (301) 295-9677/cell: (301) 651-7246
 Fax: (301) 295-3034
 e mail: MFEUERSTEIN@USUHS.EDU

EDUCATION

- 1972 A.B., Cum Laude with Distinction in Psychology, Boston University, Boston, MA
- 1975 M.S., Clinical Psychology, University of Georgia, Athens, GA
- 1976 Internship in Clinical Psychology, V.A. Medical Center
 San Francisco and Palo Alto, CA
- 1977 Ph.D., Clinical Psychology; subspecialty, Psychophysiology
 University of Georgia, Athens, GA
- 1999 ABPP (American Board of Professional Psychology), Board Certification in Clinical Health Psychology
- 2002 MPH, Health Services /General Public Health 6/02
 Research: National Trends in Outpatient Care for Non Specific Low Back Pain
 Uniformed Services University, Bethesda, MD

PROFESSIONAL POSITIONS

Professor, Departments of Medical and Clinical Psychology and Preventive Medicine and Biometrics, Uniformed Services University of the Health Sciences, F. Edward Hébert School of Medicine, Bethesda, MD (1/95-present). Founder and Director, Clinical Psychology Ph.D. Program Full time.

Clinical Professor, Department of Psychiatry, Division of Behavioral Medicine, Georgetown University School of Medicine, Washington, D.C. (9/96-present) and Adjunct Professor, Department of Psychology (1/02-12/02-teach Abnormal Psychology and Health Psychology). Currently, Clinical Adjunct Professor, Psychiatry.

Professor, Department of Psychiatry (7/93-12/94) and Associate Professor, Department of Anesthesiology (7/93-12/94), University of Rochester School of Medicine and Dentistry, Rochester, New York. Full time appointment (1984-1994).

Associate Professor, Departments of Psychiatry (7/84-6/93) and Anesthesiology (7/86-6/93), University of Rochester School of Medicine and Dentistry, Rochester, New York.

Associate Director, Division of Behavioral and Psychosocial Medicine (7/84-12/94).

Founder and Director, Center for Occupational Rehabilitation, Strong Memorial Hospital (5/88-12/94).

Co-Founder and Director, Pain Treatment Center (7/86-12/90).

Director, Behavioral Medicine Programs: Pain Clinic (7/84-7/86), Stress Clinic, Inpatient Behavioral Medicine Unit (7/84-7/87).

Associate Professor, Department of Clinical Psychology, College of Health Related Professions, University of Florida, Gainesville, Florida (7/82-6/84).

Director, Medical Psychology Services (Pain and Stress Management Laboratory and Consultation-Liaison Service), Shands Teaching Hospital, J. Hillis Miller Health Center, University of Florida.

Director, Continuing Education Programs, (APA Sponsor), Department of Clinical Psychology, University of Florida.

Affiliate Faculty, The Center for Climacteric Studies, University of Florida, College of Medicine.

Assistant Professor, Department of Psychology, Clinical Psychology Training Program, McGill University, Montreal, Quebec, Canada (8/78-8/82).

Assistant Professor, Department of Psychiatry, Faculty of Medicine, McGill University, Montreal (7/80-8/82).

Director, Behavioral Medicine Service, Allan Memorial Institute, Royal Victoria Hospital, Montreal.

Co-Director, Behavior Therapy Unit, Allan Memorial Institute, Royal Victoria Hospital, Montreal.

Staff Psychologist, Behavior Therapy Service, Montreal General Hospital, Montreal (6/79-6/80).

Clinical Instructor, Department of Psychiatry and Behavioral Sciences, Stanford University School of Medicine, Stanford, California (1977-78).

Health Psychologist, Stanford Research Institute, Center for Research on Stress and Health, Menlo Park, California (1977-78).

NATIONAL/INTERNATIONAL SCIENTIFIC ADVISORY ACTIVITIES

ASCPRO (Assessment of symptoms in cancer using patient reported outcomes)

Advisory Board, Committee on patient reported outcomes in cancer. Charles Cleeland, PhD, MD Anderson coordinator. Pharmaceutical Industry, FDA, NCI, oncologists, nurse oncologists, health services and behavioral science specialists. 2007.

Heal Magazine

Advisory Board, Publication for cancer survivors produced by Coping. First issue spring 2007.

Board of Advisors, University of Michigan, Center for Ergonomics, NIDRR Rehabilitation Engineering Research Center (RERC) Ergonomics and rehabilitation. 1999-2004.

Institute of Medicine, National Academy of Sciences

Advisor, Committee on the Consequences of Uninsurance. Assist with the review and production of material related to health services research on the impact of mental health coverage on clinical outcomes. 2001-2002

National Academy of Sciences and Institute of Medicine

Member, Panel on Musculoskeletal disorders and the Workplace. Assist US Congress in review of scientific evidence regarding etiology, treatment and prevention of work related musculoskeletal disorders. 1999-2000.

The Integration of Workers' Compensation with State and Federal Health Reform Initiatives

Advisory Committee Member, Robert Wood Johnson Foundation Grant, Jay Himmelstein, MD, PI, University of Massachusetts Medical Center, Occupational Health Program, 1993-1997.

American Psychological Association/National Institute for Occupational Safety & Health

Occupational Health Psychology National External Advisory Board, Division of Health Psychology Representative. APA/NIOSH joint effort to develop postdoctoral training in Occupational Health Psychology, 1993-1997.

National Institute for Occupational Safety & Health

Consultant - Upper extremity CTDs in Sign Language Interpreters, April 8-9, 1992, Industry wide Studies Branch of the Division of Surveillance, Hazard Evaluations and Field Studies, Cincinnati, OH.

National Safety Council (American National Standards Institute - ANSI)

Elected member of the Z-365 Committee on "Control of Cumulative Trauma Disorders."

National Institute on Occupational Safety and Health

Participant in "A National Strategy on Occupational Musculoskeletal Injury Prevention: Implementation Issues and Research Needs." University of Michigan, Ann Arbor, April 8-9, 1991. (Consensus Conference).

National Institute of Mental Health

Ad hoc reviewer, Psychosocial and Biobehavioral Treatments Subcommittee, Bethesda, October 20-21, 1988.
Consultant, Special Review Committee, NIMH, February 1989 (Program Project Grant Site Review)

National Institutes of Health

Special Study Section Member, Inflammatory Bowel Disease, University of North Carolina School of Medicine, Chapel Hill, North Carolina, October 22-23, 1987.
Special Study Section Member, Psychophysiological Interactions in Non-Cardiac Chest Pain, March 31, 1988.
Special Study Section Member, November 8, 1988.

VA Merit Review Board Protocol Review

Ad hoc review of: Low back pain, movement and muscle tension in the normal environment, March 1989.
Commission on Accreditation of Rehabilitation Facilities (CARF), Tucson, Arizona
Survey Consultant, Pain Management Programs (6/86-1991).

Medical Research Council, Canada

Ad hoc reviewer (1981).

Veterans Administration Medical Center, San Francisco, California

Behavioral Medicine (1978).

CONSULTANTSHIPS

Zenith Insurance, Los Angeles, CA

Develop a predictive screen for work disability within worker's compensation system.

Paradigm Health Corporation, Concord, CA.

Input on complex chronic pain cases. Multidisciplinary catastrophic case management. October 2004-present.

University of Virginia Health Sciences Center, The Musculoskeletal Center.

Development of a cost sensitive quality driven occupational musculoskeletal outpatient service (orthopedics, physical medicine, radiology, pain medicine, physical therapy, rehab engineering). Developed business and operational plan, coordinated development of local practice guidelines, developed outcomes-tracking system and provided staff training. November 2000-April 2002.

PFC Associates, L.L.C., (Police and Fire Clinic), Providence Hospital, Washington, D.C.

Clinical Psychologist. Provide evaluation, treatment, consultation to clinic physicians, case management and program development services. Occupational health clinic for D.C. Police and Fire Departments, U.S. Secret Service and U.S. Park Police. September 1997 – December 2000.

Berlex Laboratories, Inc., Montville, N.J.

Myofascial Pain Management Advisory Board. Review drug development protocol. 1997-98.
Measurement/screening methodologies for PMS; assist with scientific response to FDA queries re measurement and study design. 1998-2000.

Expert witness.

Computer keyboard litigation. Provide expert testimony on the multivariate factors related to occupational upper extremity disorders. Witness for defense on major keyboard litigation in New York and Washington, D.C., 1996 – 1998.

U.S. Department of Labor, Office of Workers Compensation Programs, Washington, D.C.

Assist in the development of Occupational Rehabilitation Program Guidelines. A multidisciplinary approach to evaluation and rehabilitation for delayed functional recovery of federal employees with work-related back pain. Used nationally to guide case management and reimbursement. November 19, 1994 - December 19, 1996.

Paradigm Health Corporation, Concord, CA.

Member of Scientific Advisory Board. Assist in the development of a managed care delivery system for low back pain and work disability. Provide case management services for complex chronic pain disorders. (10/94-present).

Niagara Envelope, Inc., Buffalo, NY

Developed a comprehensive prevention program for occupational musculoskeletal disorders (upper extremity and back) in envelope-manufacturing employees and office workers including surveillance, ergonomic assessment, education, total quality management, and training of supervisors and employees for approximately 700 employees in 5 divisions across the U.S. Also developed a corporate-wide medical management protocol for upper extremity disorders (1992-1993).

National Training Institute for the Deaf, Rochester Institute of Technology, Rochester, NY

Developed a comprehensive prevention and management program for upper extremity cumulative trauma disorders in sign language interpreters -- comprehensive disability management consultation (5/90-12/91).

University of Massachusetts Medical Center, Occupational Health Program, Worcester, Massachusetts.

Collaborate on research related to upper extremity disorders conducted at the New England Center for Occupational Musculoskeletal Disorders supported by the National Institute for Occupational Safety and Health (1991-present).

Tops Markets, Inc., Buffalo, N.Y.

Conducted ergonomic job analysis of produce warehouse department (3/90-8/90). Developed and conducted back education and awareness program for 400 employees in distribution warehouse for large grocery chain (6/91-12/91).

Ontario Worker's Compensation Institute, Toronto, Ontario, Canada.

Developed videotape, "Barriers to Work Re-entry: Strategies for Effective Injured Worker Rehabilitation" for health care providers (9/91-12/91).

Ontario Worker's Compensation Board (Medical Rehabilitation Strategy), Toronto, Ontario, Canada, November 1989.

Conducted day-long workshop on Regional Evaluation Centre/Functional Abilities Evaluation: Critique and Next Steps, November 1989.

Reviewed Responses to Tender No. 45461, "Tender for Equipment to be used for Physical/Functional Abilities Evaluations in the Regional Evaluation Centers (RECs)," 6/1/90 - 8/1/90.

Consultation to Hospitals/Health Care Groups in program development regarding Pain Services and/or Occupational Rehabilitation (1988-present)

(Jackson-Madison County General Hospital, Jackson, TN; Mercy Hospital, Buffalo, NY; Lehigh Valley Hospital Center, Neurosciences Regional Resource Group, Allentown, PA; Rehabilitation and Occupational Health Association of Canada, Calgary, Alberta).

Nutri/System, Inc., Philadelphia, Pennsylvania

Consultant in Behavioral Medicine. Member, National Health Sciences Advisory Board. Developed evaluation and intervention program for weight reduction/maintenance (1985-1992).

National Heart, Lung and Blood Institute

Cardiovascular system in obesity: Effect of treatment. Michael Weintraub, M.D. (PI). Consulted regarding behavior modification for weight reduction/maintenance (11/84-6/87).

Ciba-Geigy

Acutrim in mild obesity. Michael Weintraub, M.D. (PI). Trained primary care physicians in behavior modification approaches to obesity (9/84-11/84).

Plenum Publishing Corporation, New York, New York

Evaluate submissions in behavioral medicine, health psychology, psychophysiology, and behavior therapy (1/85-present).

Office of the State Courts Administrator, Florida Supreme Court, Florida Judicial College.

Developed stress management program for newly appointed judiciary (3/84).

Psychology Associates Learning Center, West Palm Beach, Florida.

Developed professional CE programs for physicians, nurses, psychologists (1983-85).

Corporate Health Systems, West Palm Beach, Florida.

Developed health risk assessment and health promotion programs (1983-84).

MedComp Health Systems Limited, Montreal, Quebec (part owner)
Developed health risk reduction programs (1981-83).

HONORS

Distinction in Psychology and Cum Laude (Boston University, 1972)
Psi Chi (Boston University, 1972)
Sigma Xi (Full Member)
Clay Fellowship (awarded for achievement in clinical psychology by the clinical faculty at the University of Georgia, 1975)
Travel Scholarship, Division 29 (Psychotherapy), American Psychological Association, Washington, D.C., 1976
A.S. Edwards Award (excellence of scholarship and service to the Psychology Department, University of Georgia, 1977)
Zimmer Scholar Award (outstanding research in clinical psychology, University of Georgia, 1977)
Student Paper Award, Division 12 (Clinical Psychology), American Psychological Association, San Francisco, 1977
The Milton G. Erickson Award of Scientific Excellence for Writing in Hypnosis, American Society of Clinical Hypnosis, 1978
Fellow, Menninger Foundation, Topeka, Kansas, 1983
Ouroboros Award (meritorious research that furthers the understanding of psychophysiological processes), awarded by Who's Who in the Biobehavioral Sciences and Research Institute of Psychophysiology, 1984
Fellow, Academy of Behavioral Medicine Research, 1985
Fellow, American Psychological Association, 1995
Fellow, Society of Behavioral Medicine, 1995

ORGANIZATIONS

American Society of Clinical Oncologists, affiliate member, 2006-present)
American Psychosocial Oncology Society (2006-present)
American Public Health Association (2005)
American Psychological Association (1977-present)
Human Factors and Ergonomics Society (1992-2004)
Association for Advancement of Behavior Therapy (1975-2002)
Society of Behavioral Medicine (1979-present)
Program Committee (1988,1990)
Sigma Xi (1974-1994)
International Association for the Study of Pain (1983-present)
New York Academy of Sciences (1984-present)
American Pain Society (1984-1997)
American Psychology Law Society (1993-1997)

PROFESSIONAL LICENSES

Clinical Psychologist: New York State, 1981, License No. 006606 (Inactive)
District of Columbia, 1996, License No. 1807 (Inactive)
Maryland, 1995, License No. 3190 (Active)

TEACHING EXPERIENCE

Undergraduate:

Formal courses taught include: Abnormal Psychology, Emotion; Selected Topics in Psychotherapy and Behavior Therapy; Health Psychology; Introduction to Psychology and Psychology of Adjustment. Lectures on psychological aspects of health and illness for nursing and physical therapy courses.

Graduate:

Formal seminars/courses taught include: Clinical Services/Program Development and Evaluation, Clinical Seminar in Behavioral Medicine; Behavior Deviation: Appraisal and Modification; Adult Psychopathology. Clinical supervision of medical students, residents (Psychiatry, Physical Medicine, Orthopedics, Occupational Medicine), predoctoral interns and graduate (Clinical Psychology) students. Lectures on stress and illness and pain to medical students.

Postgraduate:

Diploma Course in Psychiatry -- Behavior Therapy (McGill University Faculty of Medicine).

Workshops at professional meetings on treatment of headaches, stress management, biofeedback, pain management, health risk appraisal and modification, occupational rehab, clinical ergonomics.

Nurse Scholar Program Mentor, Robert Wood Johnson Foundation, Univ of Rochester School of Nursing 1986-90..
Supervision of Postdoctoral Research Fellows in Behavioral Medicine and Postdoctoral Clinical Fellows in Behavioral Medicine.

Continuing Education Workshops for physicians, psychologists, nurses and chiropractors.

PGY III Psychiatry Residents Seminar - Cognitive and Behavioral Psychotherapies (University of Rochester School of Medicine and Dentistry, Department of Psychiatry, 6-10 week series) 1986-1989.

Post doctoral training in Behavioral Medicine, Rehabilitation of occupational musculoskeletal disorders (University of Rochester School of Medicine and Dentistry 1984-1995).

Course to US Public Health Service, Indian Health Service, Prevention and management of work related musculoskeletal disorders (1996).

Post Doc Fellow supported by Robert Wood Johnson Foundation, 1999-02.

Research supervision of MPH students (residents in Preventive Medicine or Occ Med), USUHS (total 6 students since 9/97).

RESEARCH FUNDING

USUHS, Intramural Grant

Pilot research --“Cancer survivors and work productivity.” PI 2004-2006, \$10,000.

Office Ergonomics Research Committee (OERC)

Conference on “Applications of epidemiological research on ergonomic and psychosocial factors affecting MSDs in the workplace: Barriers and new directions.” PI 2004-2005, \$60,000.

U.S. Department of Defense TriCare Epidemiology Group. “Low back pain clinical practice guidelines: Compliance and outcome.” PI 2003-2004, \$40,000.

U.S. Army Center for Health Promotion and Preventive Medicine. “Integrated case management for injury prevention and control”. PI. 2002-2004, \$700,000.

U.S. Marine Corps. “Musculoskeletal disorders: Burden and risk factors.” PI, 1999-2001, \$80,000.

The Johns Hopkins University, Center for Information and Technology Research. “Workstyle measurement: Development and validation.” PI, Phase 1: 1999-2000, \$114,707; Phase 2: 2001-2002, \$24,000.

The Robert Wood Johnson Foundation, Worker’s Compensation Health Initiative. “Enhanced case management intervention for workers covered under the Federal Worker’s Compensation Act”. PI, 1998-2001, \$481,104.

U.S. Army Center for Health Promotion and Preventive Medicine.

“Predictors of recovery following onset of occupational low back pain in a military primary care setting.” PI 1999-2001, \$75,000.

“Predictors of occupational back pain and readiness status: Ergonomic and psychosocial factors in high risk military occupations”. PI, 1997-1998, \$57,096.

Office Ergonomics Research Committee (OERC)

“Multivariate approach to predicting outcomes in patients with occupational upper extremity disorders”. PI, 12/3/96 - 12/30/98, \$17,050.

“Effect of ergonomic intervention and stress management on lost time and health outcomes in occupational upper extremity disorders”.PI, 12/1/97 - 12/31/01, \$63, 877.

NIOSH, Cooperative agreement with UMASS Occupational Health Program.

“Evaluation of rehabilitation programs for work related musculoskeletal disorders”, (Co PI), 1995-96, \$11,000. (PI) G. Pransky

U.S. Department of Labor, Office of Worker’s Compensation Programs (Inter Agency Agreement).

“Patterns of work disability, health care utilization and cost in work-related upper extremity disorders”. PI, 1995-97, \$24,100.

Office Ergonomics Research Committee (OERC).

"Job stress and upper extremity symptoms in word processors." PI, 1993-1994, \$23,678.

The Committee is a consortium of insurance carriers, computer hardware and software manufacturers, and office furniture manufacturers.

National Institute on Disability and Rehabilitation Research, Department of Education.

"Cost benefit analysis of multidisciplinary work conditioning in chronic low back pain rehabilitation."

PI, H133A00040, 1990-1993, \$503,831.

American Cancer Society Institutional Grant, University of Rochester School of Medicine and Dentistry.

"Thoracic subarachnoid block for cancer pain." Co-PI, 1989-90, \$3,000.

Division of Sponsored Research, University of Florida.

"Development of computer system for analysis and interpretation of ambulatory psychophysiological recording," PI, 1982-83, \$7,830.

Health and Welfare Canada, Health Promotion Branch.

"Psychosocial stress and chronic pain: A biobehavioral investigation." PI, 1981-83, \$90,055.

Medical Research Council (MRC).

"Recurrent abdominal pain syndrome of childhood: Potential biobehavioral mechanisms." Co-PI with R.G. Barr, M.D., 1981-84, \$77,000.

Conseil de la recherche en sante du Quebec. (Health Research Council of Quebec - CRSQ).

Establishment grant for young researchers. "Effects of ethanol on coronary prone (Pattern A) adults." PI, 1981-83, \$15,000.

McGill Fund, Social Sciences and Humanities Research Council.

"Hypertension and interpersonal stress." (graduate student support) 1980-81, \$1,527.

McGill Fund, Social Sciences and Humanities Research Council.

"Development of analogue stressor for research on Coronary Prone Behavior and occupational stress." PI, 1980-81, \$2,500.

G.W. Stairs Memorial Research Grant, McGill University.

"Psychophysiological mechanisms of chronic headache." PI, 1979-80, \$4,500.

Faculty of Graduate Studies and Research, McGill University.

Equipment grant and operating funds for placebo controlled trial of temporal artery constriction biofeedback training versus progressive relaxation in the management of migraine, 1978-79, \$10,000.

EDITORIAL EXPERIENCE

Founder and Editor-in-Chief. *Journal of Cancer Survivorship: Research and Practice*, 2007. Springer.

Founder and Editor-in-Chief, 1990-present. *Journal of Occupational Rehabilitation*, Springer.

The Journal's impact rating in the field and electronic access over the past 3 years has increased considerably. Currently among the top 2 journals in work disability internationally.

Editorial Board

Journal of Behavioral Assessment, 12/78-1/90

Health Psychology, 1/84-1/88

Pain Management, 8/88-1/92

Editorial Consultant

Journal of the American Medical Association, *Pain*, *Journal of Clinical Epidemiology*, *Journal of Occupational and Environmental Medicine*, *American Journal of Industrial Medicine*, *Behavior Therapy*, *Journal of Abnormal Psychology*, *Health Psychology*, *Journal of Behavioral Medicine*, *Biofeedback and Self Regulation*, *Psychophysiology*, *Cognitive*

Therapy and Research, Behavioral Assessment, Biological Psychology, Journal of Behavior Therapy and Experimental Psychiatry, Psychology and Health: An International Journal.
