CAMOUFLAGE UTILITY UNIFORM, WOODLAND

MANNER OF WEAR

General. The standard camouflage utility uniform consists of camouflage pattern headgear, camouflage pattern coat/shirt, trousers, belt, buckle, footwear, appropriate rank/rate insignia, black/green socks and brown undershirts. Iron-on, molded, stenciled, or pin on accoutrements ARE NOT AUTHORIZED.

-- The camouflage utility uniform is a working uniform and is only authorized for working space, travel between work and local residence in POV, not on public transportation.

a. The camouflage utility uniform shall be clean and pressed to present a neat appearance.

b. All rank insignia and accoutrements for the woodland camouflage utility uniform will be embroidered on an olive drab fabric background. They will all be embroidered with black thread except for the rank insignia for ensign, which will be spice brown thread.

c. Cap. The cap will be worn squarely on the head so that the visor is on a line and just above the level of the eyes. The camouflage utility uniform cap will not be starched or artificially stiffened (*see figure 2*). The appropriate embroidered rank insignia will be worn centered on the front of the camouflage utility cap by all officers. The bottom of the insignia will be approximately 1-1/4 inch from the visor.

d. Insignia

(1) Shirt Collar The appropriate embroidered rank insignia will be worn on the camouflage utility shirt by all officers. The center of the insignia will be placed at a point approximately 1 inch from the front and lower edges of the collar and the vertical axis of the insignia will lie along an imaginary line bisecting the angle of the collar point as shown in *Figure 3*. Staff corps officers will wear the regular size embroidered grade insignia on the right collar and appropriate equally sized corps device on the left collar. (*NOTE: insignias will be properly attached if purchased from a Navy Uniform store , and you pay for the tailor to sew them on.*)

(2) Shirt pocket

(a) A fabric strip containing the wearer's surname will be sewn above and flush with the top of the wearer's right shirt pocket.

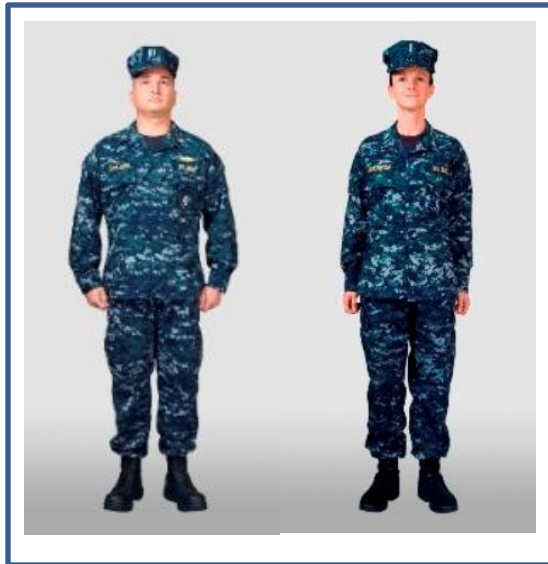

(b) A fabric strip containing the words "U.S. NAVY" will be sewn above and flush with the top of the wearer's left shirt pocket.

CAMOUFLAGE UTILITY UNIFORM, WOODLAND

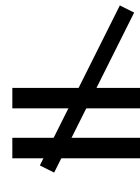

- (3) Trousers. A fabric strip containing the wearer's surname will be sewn above and flush with the top of the right rear trouser pocket.
- e. Undershirts (male/female). Undershirts shall be desert brown, cotton, quarter-length sleeve, with an elliptical (crew-neck) collar.
- f. Socks. Socks shall be either olive green or black.
- g. Shirt. The camouflage utility coat/shirt is to be worn outside the waistband of the utility trousers. Sleeves may be rolled up at the option of local commanders. When authorized, utility sleeves will be rolled with the inside out, forming a roll approximately 3 inches wide, and terminating at a point approximately 2 inches above the elbow.
- h. Trousers. The camouflage utility trousers shall be of the same material and camouflage pattern as the utility shirt. When worn with combat boots, jungle boots or combination combat/safety boots, the trouser leg will be bloused with garters so that the blouse covers the top row of hooks or eyelets on the boots.
- i. Belt/Buckle. The 1-1/4 inch black cotton, nylon or elastic woven web belt, with black tip, and black open face buckle will be worn with the camouflage utility trousers. Properly worn with the open face belt buckle, the belt tip will extend 2 to 4 inches from the buckle. Appropriate authority may authorize the standard Navy brass/nickel buckle which will be blackened.
- j. Footwear. Black combat boots, jungle boots, or combination combat/safety boots with black laces may be worn with the woodland camouflage utility uniform, and will be blackened and buffed. Bootlaces will be tucked in a manner to present a well-kept appearance.
